# President's Report & News from the Dutch Consulate

**Dear Members.**

Thank you for attending our 49<sup>th</sup> AGM.

Let me start with thanking our Members, who have helped to keep our Club running, from the Membership

Registration by Kaye Wegman and Gerry Creemers; to the Magazine preparation by Pieter Leeftang and of course his proof-readers (Henk and Lianna); the Entertainment by Henk and off course; the Junior Entertainment by Machiel van der Stelt. Please, a round of applause, as without them the Club just wouldn't work.

A very big thank-you to Lianna Parker and Aart ter Kuyle for assisting in the mammoth task of rewriting our Constitution, so that we will adhere to the new rules. More on that to follow later. (see page 12)

Looking back, we had at a busy year with:

- ..# Bus trips enjoyed by our Seniors.
- ..# André Rieu in the theatre.
- ..# The Netherlands Hockey team playing against Australia. (which they lost . . )
- ..# Ice skating events.
- ..# Movie afternoons held in the Karl's Bar.

As a Committee we are always looking for original ways to encourage Members and Non Members who come to selected events to showcase Neerlandia. Many of you would have seen the t-shirts and banners that Neerlandia now owns. I can say that we have some great ideas in store for the future. Our partnership with RDC is working very well and we are starting to organize many events together; i.e. New Year's Borrel, Easter Market, Children's disco's to name but a few. I do encourage all of our Members and readers to assist where ever you can, as many hands make this tasks so much easier.

At Committee level we are always listening and any questions, comments or ideas, please let me or our Committee Members know.

**Eric van Waaijenburg,  
President**

**Anthony Willinge,  
Honorary Consul  
for the Kingdom  
of the Netherlands  
in WA.**

**Dear friends at  
Neerlandia.**

A very warm welcome from your new Honorary Consul!

It has been a pleasure meeting with Eric, Henry and Machiel and I am hoping to see many of you at the Christmas Function in November and perhaps even on bicycles at Rottneest Island, (named by the Dutch, of course) before then.

Congratulations on your move into a new premises. These things are never easy, but it has been accomplished and now is a great time to look forward. There are many things on offer and you will find more information in the rest of this magazine and on the club's website.

There are deep and enduring connections between the Netherlands and WA, and Neerlandia is a wonderful way to share and enjoy a sense of Community and add to the Community.

Dutch and Australian people have many things in common, including a warm, practical, no-nonsense style, with open communication, that helps to get things done!

My father was born in Amsterdam and we have family in Amsterdam, Rotterdam, the Hague and den Bosch. We have spent many happy times in the Netherlands including in April this year meeting the King, Queen and Princess Beatrix, who are such lovely and down to earth people, and they are wonderful representatives of the Dutch Nation and its people.

It has been a pleasure working with the Australian Ambassador, Mrs Erica Schouten, the Australian Consul-General, Mr Frank van Beuningen, their teams at the Embassy in Canberra and the Consulate in Sydney, and the other Australian Honorary Consuls.

It has also been wonderful, meeting so many 'Dutchies' who are living here, or travelling here and being interviewed on our very own Dutch Community Radio Perth (6EBA).

Kings Day in Fremantle was also a great celebration and there will be many more to come! Enjoy this edition of the magazine and all the Club has to offer and hope to see you soon.

**Anthony,  
Honorary Consul for the Kingdom of the  
Netherlands in WA.**

### Editorial.

The decision has been made to wind up ANSWA (the Associated Netherlands Societies in WA Inc).

On pages 18 & 19 there is a two-page article on ANSWA's history, its achievements and its involvement with the Dutch Community in Western Australia over the last 21 years. Contributing factors, leading to this decision, were without doubt: The uncertainty about the Dutch Consulate in Perth; the winding up of 80% of Dutch organisations; younger Dutch Members using Social Media to communicate and their Clubhouse requirements have changed.

Consequently the need for an organisation such as ANSWA has greatly diminished. I would like to pay a tribute to the past and present Committee Members, who have worked so very hard to keep ANSWA going during those 21 years.

Thank you all for your dedication.

### *Neerlandia AGM.*

This was held on Sunday the 16th of September.

On page 8 we have report on the outcomes of the meeting, for those that could not be there.

### THE DROUGHT OVER EAST IS DRIVING OUR FARMERS TO DESPERATION.

#### FARMERS DROUGHT APPEAL.

What a great sight it was, when we saw on the television how so many WA farmers were sending all those large semi-trailers with all those bales of hay to help their counterparts over East, in an effort to save their stock. This prompted Tinie Cameron-Hoogveen, a regular Bingo player, to call me and ask if we, as a Club, could have a donation jar available at our functions, giving concerned Members a chance to donate, if they wished to do so. I put the question at the next Committee meeting and got approval to follow up on it, which I did. A large coffee tin was transformed with a slot in the top and was presented at the next Seniors day, to the Bingo players on their day and also at the next Maas and Waal Borrel on Friday 31<sup>st</sup> of August. The result was amazing.

**A total of \$461.-** was deposited at the Thornlie Westpac branch and was gladly accepted. Receipt provided.

Our little donation equates to 23 bales of hay (at \$20.- a bale) and that must have saved some valuable live stock and made some farmers smile.

**Well done Neerlandia Members!!!!**

## Neerlandia's Electronics- and Software Club

Over the past two years, Neerlandia's Committee has put a lot of effort in getting younger Members involved in the Club's activities. One of its initiatives has been the Electronics-and Software Club. We would like to tell you a bit more about this wonderful and innovative way of attracting both children and adults to a Club Event. This Electronics- and Software Club was founded and is run by Machiel van der Stelt, an enthusiastic Neerlandia Committee Member. Machiel has his own Technology Business, so he knows a thing or two about the subject.

I asked Machiel to tell us a bit about this Club and following is what he explained to me. The aim of this Club is to get Kids and Adults interested and engaged in software- and hardware technologies. Participants of the Club activities learn how to enjoy electronics and so discover how enjoyable it is to play with technology. The Club's activities make technology accessible and understandable, while also bringing people together.

Machiel continued telling me that over the course of the year he and the Club Members have run different courses and developed different kinds of projects. For instance, the Club has assembled mini computers, has built electronic circuits on experiment boards and also created its very own 3D printer. The 3D printer, which is the latest

project, is now finished and at the next Club meeting Machiel and participants will be finalizing the calibration. To top it off, and if time allows it, a 3D object may be printed. When I asked him, Machiel explained that the minicomputers are used to teach programming or coding either directly on the minicomputer itself or on robots. Through educational play, the kids, their (grand) parents or any other adult interested, familiarize themselves with technology.

The attached photographs should give you an impression of the equipment. The video link also illustrates what the Neerlandia Electronics- and Software Club is all about.

<https://stelt-technologies.com.au/community-involvement/>

At the time of this magazine going to print another event is scheduled for September. Like last April the Electronics and Software Club will meet in a park to get actively involved in technology and software, while in a relaxed BBQ environment.

Everyone is welcome and for more information on this Club's activities and for registration please contact Machiel van der Stelt via:

## COWS THAT SAY "BOO" (AND OTHER ANIMALS LOST IN TRANSLATION)

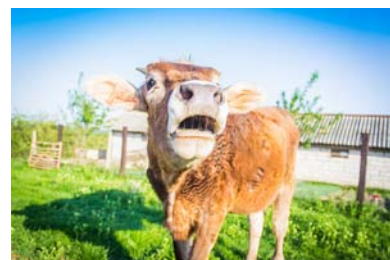

The other day, while out exploring the Dutch countryside (a.k.a. endless fields & windmills), I overheard a Dutch mother speaking to her child while we were taking a pit stop next to a field of cows.

"Kijk" (Look), said the mother pointing to the cows. Her small child then began shouting out enthusiastically: "Boo! Boo! Booooo!!".

Why on earth did this child dislike these poor innocent cows so much?!? And who knew that a 3 year-old could already show his distaste with zealous boo-ing?! I knew the Dutch were direct, but I didn't expect such jadedness from a 3 year old...

Now, now, settle down. Of course the child was not booing the cows; it turns out that Dutch cows actually speak a different language than my familiar homeland's dairy cows.

While we all know that English-speaking cows say: "Moo" (hence their nickname, "Moo-cows"). Dutch-speaking cows prefer to communicate with a slightly more spooky: "Boo" sound (written as Boe in Dutch). Yes, how silly must I have looked, shouting: "Moo" to those beasts. I should have recognized the: "I-don't-quite-understand-your-accent-in-Dutch", look since I've seen it all too many times!!

Turns out that Dutch cows aren't the only animals in the low-lands that speak a different language. Dutch pigs do not say: "Oink-oink" but rather: "Knor-knor". And Dutch roosters do not wake you up with a hearty: "Cock-a-doodle-do", but with a rather foreign sounding, "kukeleku"!

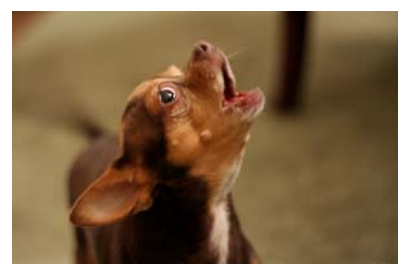

Dutch cats and dogs seem to be a little more worldly, as they have mastered the international language of "Prrrr", "Miauw" and "Woef, woef". Yes, only a slight accent in a Dutch dog's bark, which is much more than I can say about those Tunisian dogs and their incomprehensible: "Hab hab hab".

What is the lesson in all of this my friends? Simple. Next time you are attempting to speak to an animal in the Netherlands, be sure to make sure you are speaking the same language. That Dutch frog ain't going to understand your "Ribbiting" and that Dutch rooster is sure to give you a crazy look and shake its head with all your "Cock-a-doodle-doo-ing"!!

## 49<sup>th</sup> Annual General Meeting of Dutch Society Neerlandia

On Sunday 16<sup>th</sup> September 2018 President Eric van Waaijenburg opened the 49<sup>th</sup> Annual General Meeting of Dutch Society Neerlandia at midday.

Thirty nine Neerlandia members had gathered in the Edelweiss Hall of the Rhein Donau Club to listen to the President and the Treasurer giving an update of the Club's well-being.

After the apologies were read the attendees listened with interest to the President's report that was

accepted prior to Henry Koldenhoven presenting the Treasurer's Report. To everyone's relief Neerlandia is enjoying a healthy financial position and the financial future of the Club is a positive one. The financial report was accepted.

Soon after this presentation the Treasurer read the auditor's report which was accepted as was the appointment of auditor Mr Henk Giele and his proposed remuneration.

The next item on the agenda was the resolution to bring the Club's current Constitution in line with the requirements of the Associations Incorporation Act 2015. Last July this draft proposal of the new Neerlandia Constitution had been made available to members for review on the Club website, by email or on paper by request. However ten weeks reviewing time appeared to be not sufficient and because of very recently suggested amendments, this agenda item was withdrawn. The presentation of the draft new Constitution is now scheduled for a Special General Meeting at midday on Sunday 18 November 2018.

Bob Wegman was unanimously elected Life Member of the Society for his work as distributor of the Neerlandia magazine.

During the election of the office bearers for the 2018/2019 Committee, Committee Member Erik Loose stood down and Machiel vd Stelt has succeeded Erik as Vice President. Gerry Creemers will continue her work as Committee Member until her move to Queensland later in the year.

As there were less candidates than vacancies there was no need for voting to take place and all nominated candidates were declared to be elected.

The meeting was closed at 12.50 by which time many a member rushed to the bar to obtain an advocaatje met slagroom, kindly provided by the Club.

If you are interested to join the Committee and to be actively involved with the well-being of the Club, please don't hesitate to contact either Eric van Waaijenburg on [eric@eppo.net.au](mailto:eric@eppo.net.au) or Machiel vd Stelt

# Neerlandia Seniors' Club

## Welcome to the Neerlandia Seniors' Club page.

As you can see at the adjoining page, 56 of the Seniors' Club and the Wednesday Card Club Members went on a sight-seeing tour through the canals of Mandurah and then their coach driver took them to the Ravenswood Hotel for a delicious lunch.

Most of us have not seen the changes in Mandurah for a long time and it was great to notice how much it has improved. The staff at the Ravenswood looked after us really well and the drinks were great too. All in all, we had a fantastic day out, and those that could not make it this time, I am sure, will want to be part of the next one.

**We also celebrated Fathers' Day on Thursday 30th August and all Members got a 2litre Tawney port and large Toblerone chocolate bar.**

**There are lots of exciting activities ahead of us, so make sure that you are part of them.**

**Being a Member of the Seniors' Club is worthwhile, so get your friends to join us too!!!**

**53 Members on Thursday 16th August.**

**58 Members on Thursday 30th August.**

# The Dutch Singers visit Perth' Optus Stadium

**Half the group in the Dockers lecture room.**

## ***Optus stadium Tour.***

Despite a day with a road weather alert, the Dutch Singers and a few Neerlandia guests joined Club 55 for a tour of the Optus Stadium.

This outing was made possible through the generous Sponsorship support from the Neerlandia Committee.

### ***Thank you from all of us for this enjoyable day.***

Picked up promptly at Windmills and RDC, then on to Victoria Gardens, East Perth, where we were supposed to have our morning tea. Well, it did not look promising on the way there, with the rain literally bucketing down and we drove through "swimming pools" of water. As we neared our destination, Darren and I decided to chance our schedule slightly and do a little tour around East Perth first. Then a miracle happened, the sun came out for about 15 minutes and we rushed to have our morning tea. Even the two local Kookaburras welcomed us with a raucous greeting when we arrived.

**Getting off the bus at Victoria Gardens.**

**Matty found the Cakes finger-licking good.**

## ***The Optus Stadium.***

As there were 32 people in our group we were split in 2 groups, each one with their own tour guide.

Well, we went everywhere. Through the Dockers and Eagles Change rooms. These rooms are for their exclusive use, with individual lockers, briefing rooms with TV and white boards, warm up areas and massage rooms. Hot spas and ice cold ones, all state of the art.

Of course, there are also rooms for the visiting teams. We saw the Media rooms for TV crews and reporters, the more than 100 Corporate Boxes with their suites and platinum areas, all with their own bar and catering facilities.

What really impressed me were the movable banks of "grow lights" on the shady side of the oval, which are totally controlled by computer. The grass on the playing field is a mixture of 2 different grasses as well as artificial turf in between.

An additional 5000 seats can be added to the ground for events other than AFL football, i.e soccer or rugby, as they do not require such a large playing field.

There is also room for the future as another level can be added on top, if the need ever arises. The infrastructure and foundations are there for it.

All in all a very imposing building and well worth all the money spent on it and it was great to participate in this stadium tour. What we saw, can only be seen on a tour, as these areas are not accessible when games are on.

After a lovely lunch at the nearby Camfield, we had a brief visit to Whistlers Chocolate Factory outlet in Belmont and then it was time for Darren to take us home.

A very enjoyable and interesting day for all and our thanks to Darren from Club 55 for helping to make it a great day.

**Gerry.**

## *Now you have a real choice with in-home care*

Many people love the security and familiarity of living in their own home. Now the Federal Government allows you to choose the in-home care support service so you can continue to live an independent and active life.

As an accredited provider, we have nearly 30 years experience in providing an extensive range of in-home services for the elderly. We'll work with you – and your family – to see which of our services will be most beneficial to your circumstances.

You might need help with activities such as:

- shopping
- transport
- medical appointments
- cleaning
- personal care
- assistance with meal preparation
- or just having a chat with someone over a cuppa

Our clients come from many different ethnic backgrounds and a diverse variety of lifestyles – we provide culturally specific services and treat them all with the same degree of respect and dignity.

The first step to getting CURA's individual in-home care is to call and have a chat with a member of our Care Team.

If you are not eligible for Government funding, we can still assist you in planning for private services, no matter what your age.

# Past Achievements of ANSWA

## THE HISTORY OF ANSWA

ANSWA (Associated Netherlands Societies in WA Inc.) was formed in 1997 to meet the need for a strong representative body, for the approximately 11,000 Members of the Dutch Community in Western Australia at that time. As Victoria had been very successful over a period of over 30 years it was decided amongst the West Australian Dutch Community that they would emulate the Victorian model and policies to achieve a similar representative voice.

After a well-attended workshop, a written proposal was developed and the inaugural meeting took place on 18 March 1997 at the Hollywood Bowling Club, Nedlands. During this meeting the nature of ANSWA was discussed and once again its role as an umbrella organisation was emphasised. It was not intended to replace any existing Organisations or Clubs but to act as a conduit and provide a consolidated and representative voice with political clout.

The Committee of Chair, Secretary and representatives of several support groups, including Australian Netherlands Chamber of Commerce (ANCOC), Dirk Hartog Association, Pensioners, Neerlandia, Friends of the Duyfken and Netherlands Ex-Servicemen of Western Australia (NESWA) and their counterpart Netherlands Ex-Servicemen's Association (NESA) were endorsed by the following meeting on 25 March. At this meeting the following working groups of (i) Elderly Care, (ii) Culture and Heritage, (iii) Media, Newsletter and PR, (iv) Finance and Planning, and (v) Festivals, Social events and Younger Groups Interests were formed.

This structure became the Executive, formed by the Chair, Vice Chair, Treasurer and Secretary, and general Committee Members, who were Representatives of the Sub-groups, some from Albany and Bunbury.

The umbrella framework allowed the various Sub-groups to retain their full independence and proceed to run and manage their own functions and presentations.

Once formed, ANSWA advised the Dutch Ambassador of the new organisation and the fact that it was structured along the Victorian lines. The relationship between ANSWA and the Embassy in Canberra was a strong one with the Embassy keeping ANSWA informed of visiting scholars and exhibitions. Since its formation, ANSWA has been requested by Government and Civic bodies, both Dutch and Australian, to conduct a range of functions to commemorate various significant events or to greet high ranking Dutch visitors to Western Australia.

In 1999 Thom Dercksen, RON, past Honorary Consul, was appointed Patron and he continued to support the group, until his untimely ill health forced him to withdraw.

ANSWA communicated with the Dutch in Western Australia through various media – the Neerlandia Magazine, Dutch radio, but primarily through their own newsletter, the ANSwer, the Official Newsletter of ANSWA. The first edition was issued in May/June 1997. This newsletter became the West Australian Dutch Community News in 1999 and continued until 2007, after which the ANSWA Newsletter became a quarterly 4-page insert in the Neerlandia Magazine, to describe events of significance and to advertise its upcoming events.

During its history ANSWA was instrumental in the arrangement and co-ordination, with the assistance of the Sub-groups, of many iconic Western Australian events with special significance for the Dutch Community including:

...# Willem de Vlamingh Celebrations at Burswood Park on 12 January 1997, attended by Prince Willem Alexander. These celebrations included a visit by the Prince to the Duyfken replica project and a trip to the Abrolhos Islands where the Batavia came to grief.

...# Participation in the Memorial Service held on Sunday 17 August 1997 at the Dutch Annexe at the Perth War Cemetery to commemorate the Dutch citizens who were the victims of the Japanese air attack on Broome in 1942. With the ongoing involvement of ANSWA, the dates were amended to reflect the end of WWII as it occurred in the Netherlands.

...# ANSWA assisted with the co-ordination of het Scheldenloodsenkoor (River Scheldt Pilot Choir) for a performance at the Quarry Amphitheatre on Sunday 18 January 1998, where they were accompanied by The Big

Band and the Dutch Choir. ANSWA arranged for the Scheldenloodsenkoor to be accommodated by local families. The Scheldenloodsenkoor was notable for always being present, when there was a Tall Ships or a major "Sail" Event. Part of the reason for the Choir's coming, was the building of the replica of the Duyfken in Fremantle.

...# ANSWA assisted with the promotion of the Duyfken project.

...# ANSWA co-ordinated the well-attended reception held in the grounds of the Museum for the Golden Age of Dutch Art Exhibition of 17<sup>th</sup> Century Paintings from the Rijksmuseum and Australian Collections from 23 October 1997 to 11 January 1998 at the Art Gallery of WA. Art pieces owned by local business groups were also on display and the Exhibition and reception received excellent press and support from the Community.

...# At the request of the Dutch Embassy in Canberra, ANSWA together with NESA organised a wreath laying Ceremony to commemorate the involvement of the Dutch Navy at the Victory in the Pacific. This commemoration took place at Memorial Hill, East Fremantle on Tuesday 15 August 2000. The significance for the Dutch Community was the relocation of the Dutch submarine fleet and light cruiser vessels from Indonesia to the Port of Fremantle after the fall of Singapore during WWII.

...# The years leading up to 2006 were very busy, as this year marked the 400<sup>th</sup> anniversary of the first recorded mapping of the Australian coastline by Willem Janszoon, Captain of the Duyfken, and there were multiple Events arranged for the "Australia on the Map" Celebrations.

...# The launching of the Duyfken on 6 April 2006 was attended Prime Minister John Howard and Dutch Prime Minister Jan Peter Balkenende at the Fisherman's Harbour in Fremantle to farewell the Duyfken on her maiden voyage around Australia. The Dutch Singers farewelled the Duyfken on its voyage.

...# The Dutch Prime Minister then visited the Dutch Enclave at the Perth War Cemetery to lay a wreath at the new bronze plaque. In the evening a cocktail party was held for Dutch nationals at Sandalford winery Caversham. Dr Nonja Peters, ANSWA's current Vice Chair, was honoured for her academic work and received the medal of "Ridder in the Orde van Oranje Nassau" at this event.

...# ANSWA supported and assisted the 4 July 2006 Exhibition at the Fremantle Museum, to recognise the success and achievement of Dutch Migrants.

...# In 2006 ANSWA contributed oversight to the exhibition held in Northam town, recognising the conditions in the early 1950s experienced by migrants at the Holden Camp in Northam.

...# Planning and coordination of the 70<sup>th</sup> Anniversary, commemorating the strafing of Broome, which was held at the Dutch Annexe at the Perth War Cemetery and which was followed by a function held at Broome, which was attended by visiting dignitaries in March 2012.

...# The planning and organisation of the reunion of migrants that arrived in the 1950s, specifically 1952 that was held in October at the Neerlandia clubhouse in October 2012. The day was an outstanding success, with a large crowd attending throughout the day to enjoy the activities and participate in the large displays of memorabilia, including printed copies of passenger lists. Feedback from the day was overwhelmingly positive with many people catching up with people they hadn't seen for years.

...# The arrangements for the 75<sup>th</sup> Anniversary commemoration of the strafing of Broome held at the Dutch enclave at the Perth War Cemetery at the request of the Dutch Ambassador in March 2017. The event was attended by the Ambassador of the Netherlands to Australia, Her Excellency Erica Schouten, and the Netherlands Defence Attaché for Australia and New Zealand, Colonel Harold Jacobs and representatives of Federal and State parliaments.

...# ANSWA has played a key role in the planning, management and running of the annual May Memorial Day Service at the Dutch Annexe at the Perth War Cemetery. ANSWA has had to curtail its involvement in these Community events due to a lack of volunteers and funds and is sadly no longer in a position to support this event.

***Accordingly it is the Executive's decision to, in due course, wind up the organisation known as ANSWA.***

# Thursday Night Card Club & Sunday Drive Reports

## The September Sunday Drive Report.

This Sunday Drive was held on Sunday the 9th of September. As the first Sunday in September was Fathers' Day, the event was rescheduled on the second Sunday of that month.

We only had 19 people who showed up. This was mainly due to a 90th Birthday Party that was held on the same day (congratulations Nel Bakker) and which prevented a group of six people from attending and on top of that, some people were away on holidays including Piet Segers.

Nineteen people meant only 4 tables, Joke and Barbera shared one place, Piet sat out and concentrated on the tidying up and looking after the administration with Gerry.

However, this did not stop anyone with having a good time.

On arrival, Dutch "Appeltaart" with cream and a cup of freshly brewed coffee was waiting, thanks to Neerlandia's Sponsorship Assistance.

The Lunch prepared by Armanda herself again, was excellent and very much appreciated by everyone.

The competition started at 11 am sharp and was fierce but fair.

After the first three scorecards had come in and were checked, it looked a very tight battle for the minor prizes, as three scores in the 6300 were very close together.

However, when the scorecard of the 4th table came in, it put a spanner in the works and provided the 2nd and 3rd placegetters.

The results showed a fair margin between the placegetter. Congratulations to all winners.

Their overall results was as follows:

<b>1<sup>st</sup> Prize</b>	<b>Henk Smit</b>	<b>6728 points</b>
<b>2<sup>nd</sup> Prize</b>	<b>Gerda van Noort</b>	<b>6611 points</b>
<b>3<sup>rd</sup> Prize</b>	<b>Nel v.d. Aakster</b>	<b>6437 points</b>
	<b>Pieter (L.M)</b>	

Prize winners l.t.r.: Gerda van Noort, 2nd Prize; Henk Smit, 1st Prize and Nel van den Aakster, 3rd Prize.

## Results 2nd Competition of 2018 of the Thursday Night Card Club.

On the 23rd of August the second competition of the year was completed. This was a very unusual competition, as right from the first game, it was a three-horse race.

Three players, Bettina Tonkin, Freda Hovingh and Piet Leeftang fought a titanic battle, with the lead changing from week to week.

Not only were they more than a thousand points ahead of the field, they scored almost 30% more Marsen.

It was only during the last 2 weeks that Bettina got the overhand and finished up the deserving winner, with Freda Hovingh finishing second.

Piet Leeftang, who could not play on the last week on account of an eye operation, came in third and got the Marsen Prize by default, as one player can only win one prize. (*Bettina and Freda made 30 Marsen each*).

The overall results were:

### Klaverjassen.

<b>1<sup>st</sup> Prize:</b>	<b>Bettina Tonkin</b>	<b>73802 points</b>
<b>2<sup>nd</sup> Prize:</b>	<b>Freda Hovingh</b>	<b>71156 points</b>
<b>Average Prize:</b>	<b>Joke Leeftang</b>	<b>67325 points</b>
<b>Marsen Prize:</b>	<b>Piet Leeftang</b>	<b>29 Marsen</b>

### Bolivia.

**Weekly Table:** Thea Gorter

**Fortnightly table:** Toon Kamps

On Thursday the 30th August, all the men of the Card Club were given a bottle of Grant Burge Aged Tawney Port, to celebrate Fathers Day. This was very much appreciated, specially with the cold weather we are having.

Last but not least on Tuesday the 23rd of October, the Members will go to the Bently Pines Restaurant for a sumptuous Lunch, prepared by the TAFE Students. Neerlandia Sponsorship Support made it possible for us to organise this Event. From all of us, many thanks.

**Piet Leeftang (Life Member)**

Prize winners l.t.r.: Average Prize: Joke Leeftang; 2<sup>nd</sup> Prize: Freda Hovingh; Marsen Prize: Piet Leeftang; Bolivia 1: Thea Gorter; 1<sup>st</sup> Prize: Bettina Tonkin; Bolivia 2 winner: Toon Kamps was not available.

## May a little bit of Humour light up your Day

### Golfing keeps you young.

Louigi Buttacovoli, an 80-year-old Italian goes to the doctor for a check-up.

The doctor is amazed at what good shape the guy is in and asks: "How do you stay in such great physical condition?"

"I'm Italian and I am a golfer," says Louigi. "And that's why I'm in such good shape. I'm up well before daylight and out golfing up and down the fairways. I have a glass of vino with every meal and all is well." "Well", says the doctor: "I'm sure that helps, but there's got to be more to it."

How old was your Father when he died?"

"Who said he was dead?" said Lougi.

The doctor is amazed.

"You mean you're 80 years old and your Father's still alive. How old is he?"

"He's 100 years old," says Louigi. "In fact he golfed with me this morning and then we went along the

topless beach for a walk and we also had a little vino there and that's why he's still alive. He's Italian and he's a golfer, too."

"Well," the doctor says: "That's great, but I'm sure there's more to it than that. How about your Father's Father? How old was he when he died?"

'Who said my Nonno's dead?"

Stunned, the doctor asks: "You mean you're 80 years old and your grandfather's still living! Incredible, how old is he?"

"He's 118 years old," says the Old Italian golfer. The doctor is getting frustrated at this point. "So, I guess he went golfing with you this morning too?"

"No, Nonno couldn't go this morning because he's getting married today."

At this point the doctor is close to losing it. "Getting married? Why would a 118 year- old guy want to get married?"

"Who said he wanted to?"

# The newest Dutch City Almere

Flag and Coat of Arms of Almere.

**Almere** is a planned City and Municipality in the province of Flevoland in the Netherlands. It is situated close to Amsterdam.

The Municipality of Almere, comprises of six official areas, they are; the Districts of Almere Stad (which is further split up into Almere Stad Oost, Almere Stad West and Almere

Centrum), Almere Buiten and Almere Pampus (which is currently being designed). Almere is part of the Amsterdam Metropolitan Area.

## History:

Almere is the newest City in the Netherlands. The City was built in the Southern Flevoland Polder, which was reclaimed from the IJsselmeer from 1959 to 1968.

The first houses that were built, were finished in 1976.

**The whole Municipality lies several metres below sea level!**

Almere became a Municipality in 1984. It has the largest population of all the Municipalities in Flevoland with 202,764 citizens in 2017 and it is now the 7th largest City in the Netherlands. In October 2007, the City Council of Almere made agreements with the government to expand the City to 350,000 inhabitants by 2030.

The easiest way to travel to Almere from Schiphol airport is by train. There is a train station at the airport, so you do not have to go into central Amsterdam. The journey is quite quick, as it is only about 40km to Almere from the airport.

Train travel in the Netherlands is usually quick, clean and efficient. There are 6 train stations in Almere; Almere Centrum, which is the central station for the trains, buses, taxis and even bicycles in Almere:

Almere Parwijk, Almere Poort, Almere Buiten,

Almere Muziekwijk and Almere Oostvaarders. The fast trains will only go to Almere Centrum, while the smaller, local trains will go to all of the other stations and are a good way to get around the City.

## Museums and Modern Architecture:

If you are interested in modern architecture, then Almere can make for a very interesting visit for a day or two and your curiosity will be well rewarded.

The Museum De Paviljoens, was moved to Almere in 1994 from its previous home at Kassel. It is a great space, that has shown many new and contemporary artists over the years, with many artists making a direct connection between the modern design of the building and their own work.

If you are interested in the modern architecture of Almere, the best place to go is the CASLa. They will be able to give you a great deal of information about the Cities modern

Interesting architecture in Almere, l.t.r. The Library, The Red Thunders & The Kunstlinie (Theatre and Arts).

# The newest Dutch City Almere

architecture and can supply you with guides and maps that show you what to see and where to go. Many of the best new buildings are in the centre of the City and a walk down by the water will reward you with such gems as The Wave, The City, De Kunstlinie, which plays host to the local theatre and another residential building called Side By Side.

**The Kemphaan.**

An extremely interesting and fun place to visit, **The Kemphaan**, is a farm exhibit and shop, that is located to the East of Almere Harbour in the "Waterlandsebos".

Here you will find a range of different activities for children and adults, like the Monkey Rescue foundation, the restaurant, and the local produce you can buy including locally brewed beer! On Saturday mornings an organic market is held and here you can buy a beautiful range of organic produce and enjoy a taste of fresh orange juice. If markets and restaurants do not take your fancy, you can

simply relax in the outdoor grounds or take a hike through the trails.

One of the few museums in Almere, the **Veiligheids Museum (Safety Museum)**, offers a great opportunity for children to enjoy themselves and learn a great deal about fire engines and the fire service.

Located on the Northern side of the "Weerwater", this Museum is in a central location. Inside this contemporary building you will find various exhibits containing fire engines, an emergency room, a recreation of a crime scene and many other interesting displays.

Located in the heart of Almere in the Centrum and near the delightful Weerwater, the **City-Mall Shopping Centre**, is a fantastic place to enjoy a little retail therapy, have a first class meal or a quiet drink.

Shops are in abundance and you will find everything you can think of, fear not though, there is also an indoor climbing wall to keep the children entertained!

**The Public Safety Museum.**

Compiled from the Internet by Pieter Leeftang.

**The Town Centre is a good for shopping and relaxing. There are also many canals around the City.**

## CODEBREAKER PUZZLE

A **Codebreaker** is a crossword puzzle with no clues! Every letter of the alphabet has been replaced by a number.

For this puzzle the **first two** letters are revealed. Start with entering these letters throughout the puzzle and then start guessing your first word or letter. Use a pencil to start, then if it does not work out, you can erase it and start again.

Some letters, e.g. the letters E and A and S occur more often than others e.g. the letter Z.

*The last Codebreaker was pretty average. Once you located the words **Cuckoo**, **Liquor** and **Lasso**, you were well on your way to solve it.*

*The letter codes for last month's Codebreaker was as follows:*
